

GRC CALL FOR ABSTRACTS!

Deadline: March 5, 2010

(We Welcome 2010 World Geothermal Congress' Abstracts!)

The Geothermal Resources Council (GRC) invites you to present your latest technical work in geothermal research, exploration, development and utilization at GRC's 34th Annual Meeting October 24-27, 2010 at the beautiful Sacramento Convention Center in Sacramento, California. Our theme this year is "Celebrating 50 Years of Clean, Renewable Power."

Successful selection to present at the Geothermal Resources Council 2010 Annual Meeting is a privilege and recognizes the presenter as a top industry expert. International participation is a key to the success of the GRC Annual Meeting technical programs and we encourage geothermal researchers and experts from around the world to submit their work for consideration to be presented at the GRC 2010 Annual Meeting. 2010 World Geothermal Congress presenting authors are invited to submit their abstracts to the GRC Annual Meeting, North America's largest geothermal gathering.

Authors can submit a poster and/or oral technical presentation at the GRC's 2010 Annual Meeting.

The Abstract submission deadline is March 5, 2010.

Please direct all content related questions to:

- Karl Urbank at karl@calpine.com or (707) 431-6034
- Steve Eney at senedy@ncpageo.com or (707) 987-3103

Please direct all format and general submission questions to:

- Anh Lay at alay@geothermal.org or (530) 758-2360

Abstract Submission Requirements:

1. Completed attached Submission Form
2. 1-2 page abstract on your topic of choice in Microsoft Word format
3. Email or Mail by March 5, 2010 to Anh Lay at alay@geothermal.org
 - To send abstract submissions by email:
 - Download submission form, type your information directly on the form, save the form on your computer, email saved form and abstract to alay@geothermal.org.

2010 Abstract Topics

- Business Development / Finance
- The Geysers 50th Anniversary (history, updates, current projects)
- Basin & Range / Cascades/Rocky Mountains
- Direct Use / Heat Pump
- Enhanced Geothermal Systems
- Exploration / Resource Assessment / Management
- Geology, Geophysics and Geochemistry
- Geothermal Energy Associated with Oil and Gas Operations
- Geothermal Project Case Studies
- International
- Power Operations / Maintenance / Production Technologies
- Regulatory / Environmental Compliance / Policy Issues
- Utility and Transmission Issues
- Other _____

Abstracts will be reviewed on March 15-16, 2010 and Authors will be notified of their status (accepted/rejected) during the week of March 22-26, 2010. All accepted Authors will be given further instructions upon notification. Abstracts that are accepted will be required to submit a completed Draft Technical Paper regardless if you are presenting a poster and/or an oral presentation. We require a completed technical paper for both poster and oral presentations because all papers are published in the GRC's Transactions Volume CD-ROM unless specified. For more information about the Abstract Selection Process and presentations, please visit us on the Web at www.geothermal.org.

Submission Form
