## **Early Bird Registration Deadline for GRC Annual Meeting & Expo is This Week**

*Save up to \$150 for this premier geothermal energy event  
by registering before July 31*

*Palm Springs, California USA:* The deadline for early-bird rates for registration for the biggest annual geothermal energy event in the world is July 31. The GRC Annual Meeting & Expo will bring together geothermal companies, academics, financiers, policy leaders, students, and other individuals to attend or exhibit at the event, to be held from September 15 to 18 at the Palm Springs Convention Center, Palm Springs, California, USA.

Early birds who register before July 31 pay only \$980 as Geothermal Resources Council (GRC) members or \$1,180 if non-members. The non-member registration includes GRC membership through 2020. Students with a current identification card from an accredited institution pay just \$150 which also includes GRC membership through 2020.

In addition to the prestigious Technical Program, the three-day registration to the GRC Annual Meeting & Expo includes Sunday evening events until late (an Opening Reception, Outdoors Exhibits and an After-after Party!), the Opening Session on Monday morning, a Network Reception on Tuesday and the GRC Expo and lunch on all three days. All the latest information and a tremendous tool for networking at the conference, can be found on the Event App, which can be downloaded at <https://attendify.com/app/61105d/>.

Registration is available through a secure online connection on the GRC website at [www.geothermal.org](http://www.geothermal.org) or download the *Program* containing a printable *Registration Form*.

This is the premier gathering to learn about the latest developments in geothermal energy. Last year, the GRC Annual Meeting & Expo hosted over 1,000 attendees from 34 different countries.

The GRC Annual Meeting will offer technical, policy, and market conference sessions, educational seminars, tours of local geothermal and renewable energy projects, and numerous networking opportunities.

The Expo features a unique opportunity for leaders in the geothermal energy sector to showcase their projects, equipment, services and state of the art technology to the geothermal community. Reserve your booth now! There were more than 100 exhibitors at last year's trade show.

Room reservations can now be made on the GRC website at [www.geothermal.org](http://www.geothermal.org). A discounted room rate is available until August 21, so early reservations are recommended.

For more information about the GRC Annual Meeting & Expo in Palm Springs, California, USA, visit [www.geothermal.org](http://www.geothermal.org) or call (530) 758-2360.

For information on how to sponsor this event, contact Estela Smith, GRC at (530) 758-2360 or [grc@geothermal.org](mailto:grc@geothermal.org).
