Registration Opens for Annual Charity Golf Tournament at Geothermal Resources Council Annual Meeting

Popular networking event for the geothermal energy industry in Palm Springs, California, USA.

(Davis, California, USA) The Geothermal Resources Council (GRC) has announced more details of events at the world's largest annual geothermal energy conference, being held this year at the Palm Springs Convention Center in Palm Springs, California, USA, September 15-18, 2019.

Just before the start of the GRC Annual Meeting & Expo, the Annual Charity Golf Tournament will take place September 15 at the Indian Wells Golf Resort, just south of Palm Springs. Registration for the tournament is now open.

The proceeds from the tournament will go to the GRC Scholarship Fund. Last year the event helped to support six students in the international geothermal energy community.

Minutes away from downtown Palm Springs, the Indian Wells Golf Resort features a magnificent 53,000 square-foot clubhouse and is one of the few properties to have two courses ranked in the Top 25 "Best Municipal Courses in the United States" by *Golfweek Magazine*.

In addition to spectacular mountain views, the Par-72 Indian Wells Celebrity Course features undulating fairways, and flowing water in the form of streams, brooks, and split-level lakes connected by striking waterfalls, with vibrant floral detail. This California golf course is unrivaled in beauty and playability.

More details of the tournament can be found on the GRC website at www.geothermal.org. Download the *GRC Annual Charity Golf Tournament Brochure* and fill out a *registration form* which can be mailed or faxed to the GRC office. Online registration is also available.

The GRC Annual Meeting & Expo is the industry's largest annual gathering of leading geothermal energy scientists, producers, renewable energy industry stakeholders, regulators, utilities, and key associated business leaders. The four-day event will offer technical, policy, and market conference sessions, educational seminars, tours of local geothermal and renewable energy projects, and numerous networking opportunities.

Geothermal Resources Council

P.O. Box 1350, Davis, CA 95617
